

Thurston CE Primary Academy Progression in Music Knowledge and Skills

Intent

The intention of our music curriculum is first and foremost to help children to feel that they are musical, and to help them to develop a life-long love of music. We focus on developing the skills, knowledge and understanding that children need in order to become confident performers, composers and listeners. Our curriculum introduces children to music from all around the world and across generations, teaching children to respect and appreciate the music of all traditions and communities. Children will develop the musical skills of singing, playing tuned and untuned instruments, improvising and composing music, and listening and responding to music. They will develop an understanding of the history and cultural context of the music that they listen to and learn how music can be written down. Through music, our curriculum helps children develop transferable skills such as team-working, leadership, creative thinking, problem-solving, decision making and presentation and performance skills. These skills are vital to children's development as learners and have a wider application in their general lives outside and beyond school.

Implementation- How is Music taught at Thurston CE Primary Academy?

Music is taught at Thurston CE Primary Academy primarily using the Kapow scheme of work. Kapow Primary's Music scheme takes a holistic approach to music, in which the individual strands below are woven together to create engaging and enriching learning experiences:

- Performing
- Listening
- Composing
- The history of music
- The inter-related dimensions of music

Each five-lesson unit combines these strands within cross-curricular topics designed to capture pupil's imagination and encourage them to explore music enthusiastically- where possible linked to learning in other areas. Over the course of the scheme, children will be taught how to sing fluently and expressively, and play tuned and untuned instruments accurately and with control. They will learn to recognise and name the interrelated dimensions of music- pitch, duration, tempo, timbre, structure, texture and dynamics- and use these expressively in their own improvisations and compositions.

Music is allocated a minimum of 3 hours teaching each half term across the school, staff can choose to block the subject or to teach 30-45 mins each week. We have a good selection of instruments available and a dedicated space in which to teach music. Time has been allocated to allow staff to become familiar with the Kapow scheme of work and to take the opportunity to access the CPD opportunities which the scheme provides. The profile of music is kept high through concerts, clubs and shows.

Impact

Impact can be measured using the assessment quizzes and knowledge catchers which are part of the scheme and can be used at both the start and/or end of a unit to measure pupils progress- these link well with Rosenshine's Principles of Instruction. After the implementation of Kapow Primary Music, pupils should leave Thurston CE Primary Academy equipped with a range of skills to enable them to succeed in their secondary education and to be able to enjoy and appreciate music throughout their lives. Children will be confident performers, composers and listeners who can express themselves musically at and beyond school. They will show an appreciation and respect for a wide range of musical styles from around the world and will understand how music is influenced by the wider cultural, social, and historical contexts in which it is developed.

You will never have this day again so, with the guidance of God, make it count!
